

PRODUCT DETAILS

TOILET CUBICLE – BLADE MOUNTED CEILING FIXED (BC)

BC-O CHANNEL FIXED
(ALUMINIUM AT CEILING JOINT)

The BC design makes good use of a high ceiling. Sitting tall on blade-mounts, fixed solidly overhead, a row of BC cubicles emphasises the vertical. The firmly anchored frontals mean door & division panels can be extended above standard-height for greater privacy and prestige, while the open floor makes cleaning easy.

Solidly engineered with a strong design flourish, the BC is ideal for surge-venues like pubs, cinemas and shopping centres where easy maintenance and making an impression matter.

Mounted above the wash area, BC panels come in the full range of Compact Laminate, Laminate Boards and real timber veneer.

Available as Supply & Install.

Available as Supply only.

How to Specify TPI's Recommended Configuration
